

Green Slime Game

You will need:

- Corn Starch
- Water
- Green food color 4 - 6 drops

Mix 2 parts corn starch to one part water. Dissolve the corn starch, (if needed add a tablespoon of water at a time to dissolve depending on the size you are making)

Add food coloring and mix

Questions:

1. Is it a liquid or is it not?
2. What does it feel like a solid or a liquid?
3. Put some of your mixture in a cup will it pour or does it stick to the cup?
4. Can you find the objects hidden in the mixture?
 - A. Which objects were the easiest to find?
 - B. Which objects were the hardest to find?
5. What happens when you let it sit for a few minutes? Try mixing it again, what happens?
